

Recycling inserts BT01

- Environmental protection stamp indicates indication sign to recover plastic products due to those reasons, such as the age and decrease of quality, etc.
- It indicates grade of plastics, which is convenient to classify indications or trademark or other characters or patterns needed to be indicated when recovery is made, due to those reasons, such as environmental protection of products, etc.
- Copper recycling insert is suitable for thin-walled mold plastic products, because the heat dissipation is good.
